

Skewer hole reinforcement - fold in

40" foam board: 50% cut
30" foam board: 100% cut

50% cut on BACK

Wing mount skewer hole

Window outlines - don't cut

Cut out

Fold fuselage panels like this

Power pod skewer hole

Landing gear retention skewer hole

Wing mount skewer hole

Cut out

IMPORTANT: If using 30"x20"
foam board, make this a separate
piece - if this is included on the main
fuselage piece, it will not fit on a
30"x20" foam board

Vent holes
