

Windshield - posterboard

Crease

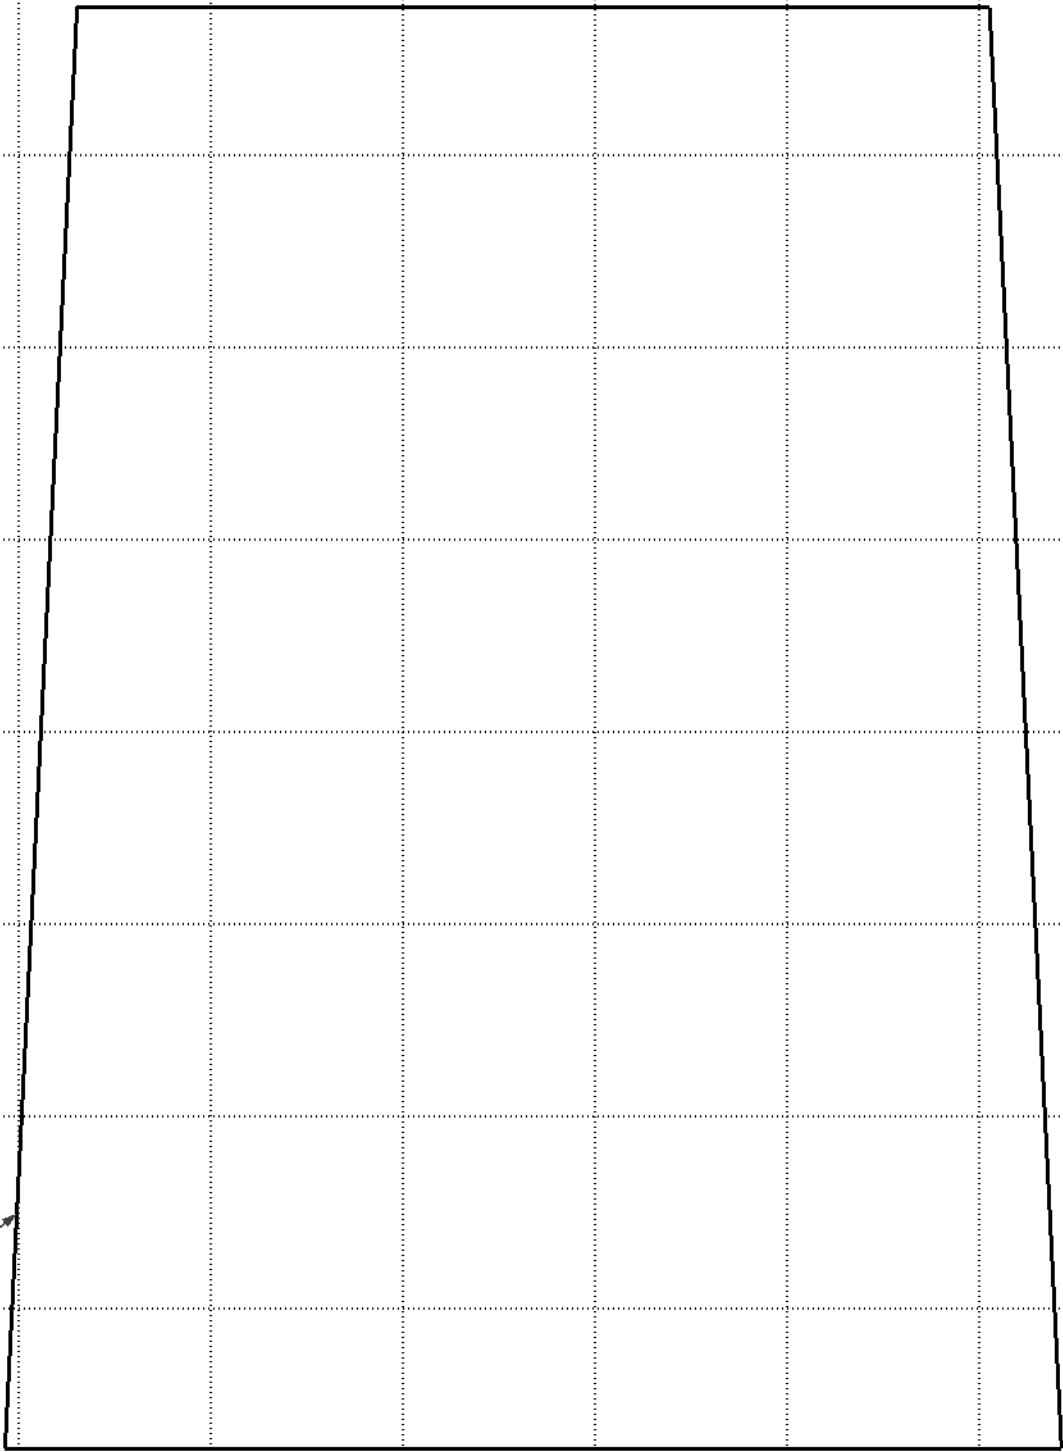

Mounting holes for Sullivan tailwheel assembly
Off-center so the pivot point of the tailwheel assembly aligns with the pivot point of the rudder, which is off-center

Tailwheel mount platform - 1/16" plywood or 2x 1/32" plywood

Control horn - 1/32" or 1/16" plywood x6
If using 1/32", put a drop of thin CA glue around the hole for reinforcement

Nose top - posterboard
